8. Market how supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities.

10. Prospects of season, tracts in which rainfall has been insufficient, areas affected by scarcity. Number of people under relief and state of food stocks.

11. Remarks on the condition of agricultural stock, failure of pasturage of fodder, etc.

BANGALORE.

8. Well supplied.

9. *Standing Crops.*—Ragi, avare, paddy, togari, groundnut, sugarcane, jola, horsegram are good.

2. *Harvest.*—Nil.

10. Coolies find sufficient labour.

11. Cattle are reported to be generally healthy. Fooder is available.

KOLAR.

8. Moderately supplied.

9. 1. *Seeds sown.*—Nil.

2. *Standing Crops.*—Ragi, paddy, avare, thogari, horsegram, groundnut and sugarcane are reported to be in good condition.

3. *Crops harvested.*—Irrigated ragi and potatoes are being harvested.

10. Prospects of the season are reported to be hopeful. There was rainfall during the week in all the taluks except Chintamani, Bagepalli and Goribidnur. Fodder and water are available for cattle.

11. People and cattle are reported to be generally healthy but for prevalence of plague in some parts of Sidlaghatta Taluk and Blackquarter in Mulbagal Taluk. Preventive measures have been taken to check the spread of the epidemics by the Public Health and Animal Husbandry Departments.

TUMKUR.

8. Fairly well supplied.

9. *Seeds sown.*—Horsegram and coriander in parts of Tiptur and Chiknaikanahalli Taluks.

Standing Crops.—Dry crops such as ragi, avare, togari, jola, navane and groundnut are reported to be in good condition. Paddy and sugarcane are also in good condition.

Crops harvested.—Yeda ragi in parts of Sira Taluk and paddy in parts of Chiknaikanahalli Taluk.

10. Fair in general.

Public Health.—Generally good except for the prevalence of small-pox in Navile, Marasandra, Settikere, Sasalu and Gopalanahalli villages in Chiknaikanahalli Taluk and prevalence of plague in Settihalli Village, Tumkur Taluk. Necessary preventive measures are reported to have been taken to check the spread of the disease.

11. Cattle are reported to be generally healthy except for the outbreak of Blackquarter at Kadarammanahalli in Kunigal Taluk. Preventive measures are reported to have been taken to check the spread of the disease. Water and fodder are available.

Labour is available for cooly classes.

MYSORE.

8. It is reported that the markets are normally well supplied in all the Taluks of the District during the week.

9. *Seeds sown.*—It is reported that horsegram and greengram were sown in Heggaddevankote Taluk and bengalgram and coriander in Gundlupet Taluk and paddy in Chamarajangar Taluk and Gundlupet Taluk.

Standing crops.—Such as paddy, thogari, castor, ground nut, horsegram and ragi are reported to be fairly in good condition. But ragi crop in Gundlupet, Mysore, Periapatna, Krishnarajanagar, Heggaddevankote and Hunsur Taluks is affected with a pest of worms. Agricultural Department has taken necessary measures to check its spread. Paddy in a few villages in Krishnarajanagar Taluk addressed to take necessary measures. Transplantation of paddy is in progress in Gundlupet and Chamarajanagar Taluks.

Crops Harvested.—It is reported that jola is being harvested in Gundlupet and Mysore Taluks and kar-ragi in Mysore and Nanjangud and groundnut in T.-Narasipur and Nanjangud Taluks.

10. (1) Prospects of season are fair throughout the District.

(2) The rainfall in all the Taluks of the District is sufficient for the standing crops but still heavy rains are needed to fill the tanks in Gundlupet, Chamarajanagar, Hunsur, Yelandur, Heggaddevankote and Nanjangud Taluks.

(3) The recent rains have considerably eased the situation in affected taluks of Gundlupet, Chamarajanagar, Yelandur and T.-Narasipur.

(4) Cooly and agricultural classes find sufficient labour throughout the District except in Gundlupet Taluk where labour was not sufficiently available. Hence relief works were started and they are in progress. They are providing sufficient employment to needy persons.

(5) Sufficient quantity of foodgrains are made available throughout the District subject to the overall allotments made to the District. Public Health is generally good except for the prevalence of plague in Gundlupet Town and in a few villages of Gundlupet Taluk and in one village of Mysore Taluk. Necessary preventive and remedial measures have been taken to check the spread of the epidemic.

11. Cattle are reported to be generally healthy. Water and fodder are fairly available throughout the district.

MANDYA.

8. Well supplied.

9. The standing crop of sugarcane in V. C. area and paddy and ragi in all parts of the District are reported to be in good condition.

Transplantation of paddy is going on in some parts of Mandya.

For want of rains transplantation of paddy in a large extent of lands in Nagamangala Taluk has not been attended to.

10. Prospects of the season are reported to be fair.

11. Public Health is reported to be generally good throughout the District except for the prevalence of Chicken-pox in Dorenahalli Village, Krishnarajpet Taluk, Effective preventive measures have been taken to check the epidemic. Cattle are also reported to be healthy. Water and fodder are available.

HASSAN.

8. Well supplied.

9. *The Standing crops*—sugarcane, paddy and ragi are reported to be in good condition. It is reported in Alur Taluk that reaping of gidda ragi is already nearing completion. In some parts of Hassan and Hole-Narsipur Taluks gidda ragi is being harvested.

10 Rains were sufficient. Tanks have not yet received the adequate supply of water for irrigation purposes,

11. The health of the cattle was generally good and fodder was available.

SHIMOGA.

8. Well supplied.

9. The standing crops of paddy, sugarcane, ragi, jola, alasande, greengram, groundnut and save are in good condition.

Alasande, groundnut and greengram are being harvested in Honnali Taluk.

Paddy pest is prevailing in Sagar Taluk. Preventive measures are being taken.

10. Seasonal condition is generally good.

11. Cattle are healthy in all the taluks except in Sorab and Sagar Taluks. Cattle disease in Sorab Taluk and rinderpest in Sagar Taluk are reported to have been prevailing. Preventive measures are reported to have been taken. Water and fodder are available.

8. Markets were fairly supplied but the prices were very high.

9. (1) *Standing Crops.*—Paddy, ragi, jola, sugarcane, avare, chillies, groundnut in Chikmagalur Taluk; ragi, paddy, chillies, avare, thogari, save, navane, cotton, castor, horsegram, jola and sugarcane in Kadur Taluk; paddy, ragi, mungar-jola, avare, sugarcane, coriander, groundnut, til and minor millets in Tarikere Taluk; paddy and sugarcane in Koppa, Mudgere and Narasimharajapura Taluks; and paddy and areca in Sringeri Jahagir.

Condition of the standing crops was generally good throughout the District.

Mungar-jola is ready for harvest in Kadur Taluk.

Crops Sown.—Horsegram in Chikmagalur Taluk, summer-jola, bengalgram and coriander in Kadur Taluk.

Crops Harvested.—Ragi and chillies in Chikmagalur Taluk and groundnut, til and coriander in Tarikere Taluk.

Water, fodder and labour were sufficiently available throughout the District.

10. Public health was generally good.

11. Cattle were generally healthy throughout the District except for the prevalence of Rinderpest in parts of Mudgere Taluk (Kasaba, Baloor and Gonibid Hoblis). Veterinary Department was addressed to take preventive measures.

CHITALDRUG.

Markets are reported to be well supplied except controlled commodities.

Sowing.—Sowing of cotton, navane, bili jola and horsegram in Hiriyur Taluk and preparation of land for sowing bili jola in Holalkere Taluk is reported to be in progress.

Standing Crops.—Ragi, mungari jola, navane and cotton in Chitaldrug Taluk; dodda ragi and paddy irrigated by wells in Chellakere Taluk; ragi, jola, til, navane, etc., in Davangere Taluk; cotton, jola, ragi, groundnut, navane, horsegram, greengram and thogari in Harihar Taluk are reported to be in good condition. The standing crops in some parts of Kasaba Hobli, Molakalmuru Taluk, are reported to be withering for want of rains. But the bagayet crops are reported to be in good condition. It is reported that there is a rainfall of 2—0 inches in Thalak Hobli and 0—17 cents in Parasurampura Hobli in Chellakere Taluk and 0—45 cents in Rampur Station, Molakalmuru Taluk.

Harvesting:—Harvesting of doddaragi in Chellakere Taluk; giddaragi and mungari jola in Hiriyur Taluk; groundnut in Davangere Taluk is reported to be in progress.

Cooly classes are finding sufficient labour throughout the District.

Cattle are reported to be generally healthy throughout the District except in one village in Chellakere Taluk and in two villages in Harihar Taluk where the cattle are reported to be suffering from "Galalubene." The Veterinary Department has been addressed for taking preventive measures.

Water is available throughout the District.

Fodder is available in the District except in Chellakere Taluk and some parts of Jagalur and Molakalmuru Taluks. Fodder is being supplied and sold by private persons.

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE, FOR THE WEEK ENDED THURSDAY, THE 28TH SEPTEMBER 1950.

A total of 21 attacks with 12 deaths from Plague was returned from 6 villages, in 4 taluks, in 3 districts during the week against 36 attacks with 23 deaths in the previous week. Cities of Bangalore, Mysore and Kolar Gold Field Area reported free from Plague. Comparative figures for the corresponding week in 1949 and 1948 were 44 attacks with 25 deaths and 69 attacks with 54 deaths, respectively.

A total of 3 attacks with nil death from Small-pox were reported from Nelamangala Taluk.

Seventeen attacks with 12 deaths from Cholera were reported from Kolar Gold Field and Maddur Taluk.

The State remained free from Influenza and Relapsing Fever.

The total mortality for Bangalore Corporation amounted to 249 (70 in hospitals) for 7 days representing a calculated death-rate of 25·8 (18·4 excluding hospital deaths) per mille of population (annual basis) as against 23·7 for the corresponding week of last year. Classified according to causes the deaths numbered 2 under Typhoid, 2 under Other Fevers, 7 under Phthisis, 14 under Dysentery and Diarrhœa and 224 under All other causes. The reported mortality was low.

The total mortality for Mysore City was 78 (30 in hospitals) for 7 days representing a calculated death-rate of 21·2 (13·3 excluding hospital deaths) per mille of population (annual basis) as against 21·2 for the corresponding week of last year. Classified according to causes the deaths were: Malaria 2, Other Fevers 7, Phthisis 3, Dysentery and Diarrhœa 8 and All other causes 58. The reported mortality was very low.

C. V. NATARAJAN,
Director I/c.

5330

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE FOR THE WEEK ENDED THURSDAY, OCTOBER 5TH, 1950.

A total of 15 attacks with 12 deaths from plague was returned from 4 villages in 3 taluks in Mysore District during the week against 21 attacks with 12 deaths in the previous week. Cities of Bangalore, Mysore and Kolar Gold Field Area reported free from Plague. Comparative figures for the corresponding week in 1949 and 1948 were 36 attacks with 13 deaths and 66 attacks with 45 deaths, respectively.

A total of 4 attacks with nil death from Small-pox was reported from Mulbagal and Mandya Taluks.

Fourteen attacks with 9 deaths from Cholera were reported from Bangalore North, Chikkaballapur, Devanahalli, Gudibanda, Maddur and Mysore Taluks.

The State remained free from Influenza and Relapsing Fever.

The total mortality for Bangalore Corporation amounted to 189 (54 in hospitals) for 7 days representing a calculated death-rate of 19·6 (14·0 excluding hospital deaths) per mille of population (annual basis) as against 22·7 for the corresponding week of last year. Classified according to causes the deaths numbered 1 under Smallpox, 1 under Typhoid, 3 under Other Fevers, 6 under Phthisis, 24 under Dysentery and Diarrhœa and 154 under All Other Causes. The reported mortality was very low.

The total mortality for Mysore City, was 52 (15 in hospitals) representing a calculated death-rate of 14·1 (9·0 excluding hospital deaths) per mille of population (annual basis) as against 31·2 for the corresponding week of last year. Classified according to causes the deaths were Malaria 1, Typhoid 1, Other Fevers 8, Dysentery and Diarrhœa 7 and All Other Causes 35. The reported mortality was very low.

There were 11 deaths (4 in hospitals) for 7 days from all causes in Kolar Gold Field area equivalent to a calculated of population (annual basis) as against 11·2 for the corresponding week of last year. Classified according to causes the deaths numbered 2 under Other fevers, 2 under Phthisis, and 7 under All Other Causes. The reported mortality was very very low.

8. Market how supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities.

10. Prospects of season, tracts in which rainfall has been insufficient, areas affected by scarcity. Number of people under relief and state of food stocks.

11. Remarks on the condition of agricultural stock, failure of pasturage of fodder, etc.

BANGALORE

8. Well supplied.

9. *Standing Crop.*—Ragi, jola, togari, avare, groundnut, paddy, sugarcane and horsegram are good.

2. *Harvest*—Nil.

3. *Sowing*—Nil.

4. Ragi crops is reported to have been attacked by caterpillar in Channapatna Taluk.

10. Coolies find sufficient labour.

11. Cattle are reported to be generally healthy. Fodder is available.

KOLAR

8. Moderately supplied.

9. 1. *Seeds sown.*—Nil.

2. *Standing Crops.*—Ragi, paddy, avare, thogari, horsegram, groundnut and sugarcane are reported to be in good condition.

3. *Crops harvested.*—Paddy is being harvested in Bangarapet Taluk.

10. Prospects of the season are reported to be fair. Rainfall was good during the week in all the Taluks of the District. Fodder and water are available for cattle.

11 People and cattle are reported to be healthy but for prevalence of Cholera in some parts of Bangarapet Taluk and plague in some parts of Kolar and Sidlaghatta Taluks. Blackquarter for cattle is also prevailing in some parts of Sidlaghatta Taluk. Preventive measures have been taken to check the spread of the epidemic by the Public Health and Animal Husbandry Departments. Holding of shandies in affected localities and screening of cinemas and running hotels have been stopped as a preventive measure.

TUMKUR

8. Fairly well supplied.

9. *Seeds sown.*—Horsegram, paddy and jola in Pavagada and Chiknaikanahalli Taluks and Hibni jola and coriander in Tiptur Taluk.

Standing crops.—Ragi, jola, navane, horsegram, thogari, avare, are all reported to be in good condition. Paddy and sugarcane are also reported to be in good condition.

Crops harvested.—Paddy in some parts of Chiknaikanhalli Taluk and ragi in parts of Pavagada and Sira Taluks and groundnut in parts of Tumkur Taluk.

10. Fair in general.

Public Health.—Generally good except for the outbreak of Cholera in Thimmanahalli in Pavagada Taluk and small-pox in Kathrikehalu, Sasalu, Settikere and Gopalahalli villages in Chiknaikanahalli Taluk. Preventive measures are reported to have been taken to check the spread of the disease.

11. Cattle are reported to be generally healthy except for the prevalance of blackquarter in Thumbadi Village in Koratagere Taluk. Action is reported to have been taken to check the spread of the disease.

Water and fodder are available. Labour is available for cooly classes.

MYSORE.

8. It is reported that the markets are fairly well supplied throghout the District.

Seeds sown.—It is reported that bengalgram and coriander were sown in Gundlupet Taluk, and paddy in Chamarajnagar and in parts of Yelandur Taluk.

Transplantation of paddy is in progress in Chamarajnagar, Gundlupet, and in some parts of Yelandur Taluk.

9. *Standing crops.*—Such as paddy, ragi, horsegram, thogari and castor are reported to be fairly in good condition. But the pest attack on ragi crop in Heggaddevankote, Gundlupet, Hunsur and Krishnarajnagar Taluks is reported to be still persisting and causing damage. The Agricultural Department are taking necessary measures to check the further spread of the disease.

Crops harvested.—It is reported that jola is being harvested in Gundlupet, Nanjangud and Mysore Taluks and Kar ragi in Mysore Taluk.

10 (1) Prospects of the season are fair throughout the District.

(2) The rainfall in all the taluks of the District during the week is sufficient for the standing crops at present. In Chamarajnagar Taluk, it is reported that except a few big tanks, the others have impounded good quantity of water. But still heavy rains are required to fill the tanks in Gundlupet, Chamarajnagar, Hunsur, Nanjangud and Krishnarajnagar Taluks.

(3) The recent rains have however considerably eased the situation in the affected taluks of Gundlupet, Chamarajnagar and Yelandur and improved the prospects of the season.

(4) Cooly classes find sufficient employment throughout the District except Gundlupet Taluk where labour was not sufficiently available, and hence the relief works were started and they are in progress and are providing sufficient employment to needy persons.

(5) Sufficient quantities of foodgrains are made available throughout the District subject to the overall allotment made to the District.

Public health is generally good except for the prevalence of plague in one village of Mysore Taluk. Necessary preventive and remedial measures have been taken to check the spread of the epidemic.

11. Cattle are reported to be generally healthy. Water and fodder are fairly available throughout the District except in a few Villages of Gundlupet Taluk where difficulty for drinking water is reported.

MANDYA.

8. Well supplied.

9. The standing crops of sugarcane in Visvesvaraya Canal Area and ragi and paddy in all the taluks are reported to be in good condition.

Transplantation of paddy is under progress in some parts of Mandya Taluk.

As most of the tanks in Nagamangala Taluk have not received sufficient supply of water, the transplantation of paddy crop has not been attended to in this taluk on a large extent.

10. Prospects of the season are reported to be fair.

11. The public health is reported to be generally good throughout the district except for the prevalence of plague in Krishnarajapet Town and Malagur Village in Krishnarajpet Taluk. Effective preventive measures have been taken to check the epidemic. Cattle are also reported to be generally healthy all over the district.

Water and fodder are available in sufficient quantities.

HASSAN.

8. Well supplied.

9. The condition of standing crops such as paddy, ragi, sugarcane and horsegram is reported to be good. Gidda ragi is being harvested in some parts of Hassan and Hole-Narsipur Taluks. It is reported that the ragi fields in some parts of Chennarayapatna have been infested with pests. The Agricultural Department has been requested to take immediate preventive measures. No serious damage has been caused to the crops.

10. Rainfall was sufficient. No adequate supply of water has been received in tanks for irrigation purposes.

11. Cattle were generally free from all kinds of diseases except in Tholalu Village in Arehalli Hobli, Belur Taluk where it is reported that Rinderpest is prevailing. The Veterinary Inspector has been addressed by the Amildar, Belur to take all possible steps to check the disease. There was no scarcity of fodder.

SHIMOGA.

8. Generally well supplied.

9. Weeding operation is completed in Shikarpur Taluk. Bengalgram is being shown in Shikaripur Taluk. Groundnut is being harvested in Honnali and Bhadravati Taluks.

Standing crops of paddy, sugarcane, ragi, jola, cotton, save and horsegram are in good condition.

Paddy pest is prevailing in Sagar Taluk. Preventive measures are being taken.

10. Prospect of the season is generally good.

11. Cattle are healthy in all the taluks except in Honnali Taluk where Galale Roga is prevailing. Preventive measures are being taken. 'Rinderpest' and 'Halaroga' in Sagar Taluk was brought under control.

Water and fodder are available.

CHIKMAGALUR.

8. Markets were fairly supplied, but the prices were very high.

9. (i) *Standing crops.*—Paddy, sugarcane, coriander, chillies in Chikmagalur Taluk; ragi, paddy, chillies, avare, togari, save, navane, castor, horsegram, jola and sugarcane in Kadur Taluk; paddy, ragi, jola, avare, horsegram, groundnut and minor millets in Tarikere Taluk; paddy and sugarcane in Koppa, Mudigere and Narasimharajapura Taluks. Paddy and areca in Sringeri Jahgir.

(ii) *Crops sown*:—Horsegram in Chikmagalur Taluk; summer jola in Kadur Taluk and coriander in Tarikere Taluk.

(iii) *Crops harvested.*—Coriander and chillies in Chikmagalur Taluk; groundnut, til and coriander in Tarikere Taluk. Though mungar jola is ready for harvesting in Kadur Taluk yet, it was not harvested due to heavy rains.

Condition of the standing crops was good throughout the District. Water, fodder and labour were sufficiently available throughout the District.

10. Public Health was generally good.

11. Cattle were generally healthy throughout the District except for the prevalence of Rinderpest in parts of Kasaba, Baloor and Kalasa Hoblis in Mudigere Taluk.

Veterinary Department was addressed to take preventive measures.

CHITALDRUG.

8. Markets are reported to be well supplied except controlled commodities.

9. *Sowing.*—Sowing of cotton, bili jola and horsegram in Hiriyur Taluk is reported to be in progress.

Standing Crops.—Ragi, jola, navane and cotton in Chitaldrug Taluk; jola, ragi, til and navane in Davangere Taluk; K. jola, ragi, thogari, groundnut, navane and cotton in Holalkere Taluk; cotton, ragi, groundnut, navane, horsegram, greengram and thogari in Harihar Taluk, are reported to be in good condition. But the standing crops in Jagalur and Molakalmuru Taluks which were fading are reported to have somewhat improved owing to recent good showers.

Harvesting.—Harvesting of Giddaragi and jola in Hiriyur Taluk; groundnut and til in Holalkere Taluk; groundnut, save and navane in Davangere Taluk; jola, til and groundnut in Hosadurga Taluk; til in JagalurTaluk, is reported to be in progress.

10. Cooly classes are finding sufficient labour throughout the District.

11. Cattle are reported to be generally healthy throughout the District except in three villages in Harihar Taluk where Dommi disease is prevailing. The Veterinary Department has been addressed for taking preventive measures.

Water is available throughout the District.

Fodder is available in the District, except in Chellakere Taluk, some parts of Jagalur and Molakalmur Taluks.

It is reported that there may not be much scarcity for fodder as the green grass will spring up consequent at the recent showers.
